

Lymington Sea Water Baths

I am writing this as a person who is a long term & frequent user of the sea water baths.

We are so lucky & privileged to have this wonderful facility & unique in our town & it is a great source of disappointment that it was not open last summer.

The pool is perfect for all ages where everyone can relax & enjoy the combination of healthy swimming in salt water & a level of safety not found on any beach. Having such a large but enclosed area devoted to swimming allows everyone, especially families with small children to have a fantastic day out with out having any worries about there children's safety.

I have been amazed & touched by the tremendous support our campaign has received from the people of Lymington & Pennington who care deeply about something they consider a valuable part of the town.

I hope with al this support & the hard work we have been doing with the steering group on the council that we will not let everyone down & that the pool will be open this summer.
